Citizen comments/requests: Citizens can make a brief comment or may ask the Commission to schedule a topic for further discussion at a future meeting.

Public Meeting:

The Port of Friday Harbor has completed a conceptual design for a 15,000 sq. ft. Marine Technical Center and Island Oil Spill Association headquarters on vacant land at the Jensen's Marina and Boatyard. This building is intended to house incubation space, marine related marker space, and marine trade or professional services.

The Commission of the Port of Friday Harbor invites the community to this special Port Commission meeting. The purpose of this meeting will be to gather public input on both the design of the building and the potential uses within the completed building.
