### **Responsive bidder requirements**

- WA Unified Business Identifier Number (UBI#)
- Federal Tax ID Number
- Active Contractor's License (if applicable)
- Have or Acquire a Town of Friday Harbor Business License Prior to Commencing Work
- Employment Security Number (if applicable)
- Completed the [L&I Contractor Training](#) or are Listed as Exempt from Training on L&I Account
  - This is a five-video training that takes only a couple of hours. You can access it by logging into your L&I portal. You'll want to make sure you've set up your Prevailing Wage Intent & Affidavit (PWIA) system, which is accessible through My L&I or SecureAccess Washington (SAW).
- Active Workers' Comp Account (for businesses with employees)
- Bonding
- Cannot be Debarred from Working on Public Works Projects

**General:**

The Port of Friday Harbor expects a high-quality roofing installation with professional results. The contractor will ensure that all employees will act in a professional manner while on Port Property and follow safety and ingress-egress directions from Port airport personnel.

Priority must be given to safety and not interfering with airport traffic.

The contractor must ensure that the work area is free of hazards at the end of each workday.

**Site:**

730 Airport Circle Drive, Friday Harbor, WA 98250  
(Inside the Friday Harbor Regional Airport Perimeter Fence)

**Schedule:**

Work to begin October 3, 2022 and must be completed by November 15, 2022.

**Scope of Work:**

- Install approximately 11,814 sq. ft. of Port supplied roof insulation and metal roofing according to the attached hangar plans and instructions. Work includes installation of insulation, roof panels and ridge cap, installation of mastic and fasteners, installation of roofing trim, and installation of above hangar door rubber flashing.
- All materials are on site and Port supplied. Includes roof metal, roof vapor barrier insulation, adhesives strips, above door rubber flashing, trim, and fasteners.
